1 International Notices and Approvals

This chapter contains the various notices and approvals required by national and international authorities.

FCC Notice (United States of America)

WARNING

This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instructions manual, may cause interference to radio communications. It has been tested and found to comply with the limits for a Class A computing device pursuant to Subpart J of Part 15 of FCC Rules, which are designed to provide reasonable protection against such interference when operated in a commercial environment. Operation of this equipment in a residential area is likely to cause interference in which case the user at his own expense will be required to take whatever measures may be required to correct the interference.

DOC Notice (Canada)

Canadian Dept. of Communication

REGULATIONS COMPLIANCE (DOC-A)

This digital apparatus does not exceed the class A limits for radio noise emissions from a digital apparatus as set out in the radio interference regulations of the Canadian Department of Communication.

Ministère des Communications du Canada

CONFORMITE DE REGLEMENTS (DOC-A)

Le présent appareil numérique n'émet pas de bruits radio-électriques dépassant les limites applicables aux appareils numériques de classe A prescrites dans le règlement sur brouillage radioélectrique édicté par le Ministère des Communications du Canada.

GS Notice (Germany)

ALLGEMEINE VORSCHRIFT

Reparaturen oder sonstige Eingriffe, die sich nicht auf normale Bedienung der Maschine beziehen, dürfen ausschließlich nur von einem ausgebildeten, zuständigen Fachmann vorgenommen werden.

EU Standard EN 55022 (The European Union)

WARNING

This is a Class A ITE product. In a domestic environment this product may cause radio interference in which case the user may be required to take adequate measures.

2 Safety Warnings

This chapter provides warnings regarding personal safety during operation of the printer.

 Warning 	 Warning 
 Warning  Dangerous Voltage 	 Warning EasyCoder™ Cleaning Card Made in U.S.A. Part No: 1-110001-00 11.5 x 15.2 cm (4 1/2" x 6") This pre-assembled disposable Thermal Printer Cleaning Card is designed to safely and effectively remove all dirt, ink, tape, residue, adhesive and other contaminants from Thermal Printheads. This Cleaning Card will improve print quality and the life of the Thermal Printheads. — Works on all EasyCoder Printers — DIRECTIONS • Turn off power to Thermal Printer and lift Thermal Printhead to loading position. • Unfold label and stick just-in case of Thermal Transfer System—also remove ribbon. Open pouch and pull out the EasyCoder Cleaning Card. • Insert Cleaning Card following label path. Allow approx. max. 5-8 cm (1 7/8") of Cleaning Card to extend in front of Printhead. Lower Thermal Printhead to operating position. • Use one hand to hold the Printer and the other hand to pull Cleaning Card forward until entire Card has been printed free. Insert Cleaning Card a second time and repeat the procedure. • Dispose of Cleaning Card properly. RECOMMENDED USAGE Use EasyCoder Cleaning Cards before loading each new roll of label or ticket stock. Safe • Easy • Effective • Protects your equipment  HIGHLY FLAMMABLE  Isopropyl Alcohol (CH₃)₂CHOH CAS 67-63-0
