
SECTION B Important FCC Compliance Information

This equipment has been tested and found to comply with the limits for a Class A digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with this Reference Manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

CABLES: Shielded cables must be used and properly grounded with this equipment to ensure compliance with the Class A FCC limits

WARNING: Changes or modifications to this equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

A large, bold, white capital letter 'B' is centered within a solid black square. This graphic serves as a section marker for Appendix B.
