List of Figures

Figure 1-1 Model 450 Indicator.....1-1
Figure 1-2 Model 455 Indicator.....1-1
Figure 1-3 Front Panel Display.....1-3
Figure 1-4 Model 450 Keyboard.....1-4
Figure 1-5 Model 455 Keyboard.....1-5
Figure 2-1 Standard Model 450 Rear Panel.....2-2
Figure 2-2 Standard Model 450 Mounting Holes/Dimensions.....2-2
Figure 2-3 Model 450 Panel Mount Version Side Dimensions.....2-4
Figure 2-4 Model 450 Panel Mount Version Front Dimensions.....2-4
Figure 2-5 Model 450 Panel Mount Version Cutout Dimensions.....2-5
Figure 2-6 Panel Mount Model 450 series Main Board.....2-6
Figure 2-7 Standard Model 455 Mounting Holes/Dimensions.....2-6
Figure 2-8 Load Cell Connections (PC777).....2-7
Figure 2-9 Load Cell Connections (PC792 and PC800).....2-8
Figure 2-10 Opening the Connector.....2-9
Figure 4-1 Model 450 Keypad Cursor Keys.....4-42
Figure 4-2 Character Listing.....4-42
Figure 4-3 Model 450 Keypad Cursor Keys.....4-42
Figure 5-1 Model 450 Keyboard.....5-1
Figure 5-2 Model 455 Keyboard.....5-3
Figure 5-3 Tare Key.....5-5
Figure 5-4 Select Key.....5-5
Figure 6-1 Model 450 Keypad Cursor Keys.....6-2
Figure 6-2 Character Listing.....6-3
Figure 6-3 Model 455 Keypad Cursor Keys.....6-3
Figure 7-1 Five Point Linearization Graph.....7-5
Figure 7-2 Five Point Linearization Graph (high end).....7-5
Figure 8-1 Model 450 Rear.....8-2
Figure 8-2 Connector.....8-4
Figure 8-3 RS232 Port (J6).....8-4
Figure 9-1 Method of Operation.....9-2
Figure 10-1 Remote Key Connection.....10-2
Figure 12-1 Select Key.....12-1
Figure 14-1 Setpoint Output Connections (J6).....14-4
Figure 14-2 Two-Speed Single Ingredient Fill vs Time.....14-9
Figure 14-3 Two Ingredient Batch vs Time (TARE).....14-18
Figure 14-4 Two Ingredient Batch vs Time (AUTO).....14-18
Figure 14-5 Two-Speed Emptying vs Time (TARE).....14-26
Figure 14-6 Filling and Emptying vs Time (REMOTE).....14-6
Figure 15-1 Relay Contact Protection Circuits.....15-6
Figure 15-2 Option Mounting Dimensions.....15-7
Figure 15-3 Relay Module.....15-8
Figure 16-1 Time/Date Option Installation (PC777C).....16-4
Figure 16-2 Time/Date Option Installation (PC800).....16-4
Figure 17-1 Main Board PC777C.....17-3
Figure 17-2 Main Board PC792B.....17-4
Figure 17-3 Main Board PC800B.....17-5
Figure 17-4 Main Board PC834.....17-6
Figure 18-1 Connector.....18-2
Figure 18-2 RS232 Port (J6).....18-2
Figure 19-1 Model 450 Scanner/Keyboard Adapter Cable.....19-2

Figure 19-2 Model 450 Scanner/Keyboard Cable Wiring Diagram.....19-2
Figure 19-3 Standard Line Printer Cable.....19-3
Figure 19-4 Standard Line Printer Cable Wiring Diagram.....19-3
Figure 19-5 Model 450 Eltron Printer Cable.....19-4
Figure 19-6 Model 450 Eltron Printer Cable Wiring Diagram.....19-4
Figure 19-7 Model 450 to PC/AT Cable.....19-5
Figure 19-8 Model 450 to PC/AT Cable Wiring Diagram.....19-5
Figure 19-9 M450 to PSC Laser Scanner Adapter Cable.....19-6
Figure 19-10 M450 to PSC Laser Scanner Cable Wiring Dia....19-6
Figure 21-1 Main Board PC777C Component Layout.....21-7
Figure 21-2 Main Board PC792B Component Layout.....21-8
Figure 21-3 Main Board PC800B Component Layout.....21-9
Figure 21-4 Main Board PC834 Component Layout.....21-10
Figure 22-1 IBM PC or Compatible Computer.....22-1
Figure 22-2 GSE 450 Simulator Computer Disk.....22-2
Figure 24-1 450 Keypad Cursor Keys.....24-1
Figure 24-2 Character Listing.....24-3
Figure 24-3 455 Keypad Cursor Keys.....24-4
Figure 25-1 450 Remote Display Mode at Power-up.....25-1
Figure 25-2 Parameter Mode to Select Remote Display.....25-1
Figure 25-3 Check Cable if “Check Cable” is Displayed.....25-2
Figure 25-4 Three Part Display Information.....25-2
Figure 25-5 Remote 450 setup to echo the master unit.....25-5
Figure 25-6 Remote 450 setup to continually display net weight..25-6
Figure 25-7 Remote 450 setup with Pass Through Capability.....25-7
Figure 25-8 Remote 450 setup with Addressing Capability.....25-8
Figure 26-1 Model 450i International Keypad.....26-5
Figure C-1 Model 450 Indicator Mounting Holes and Dimensions...C-3
Figure C-2 Model 455 Indicator Mounting Holes and Dimensions...C-4
Figure C-3 Model 450 Panel mount version cutout and dimensions.C-5
Figure E-1 Front/Rear enclosure views, 450 external power.....E-1
Figure E-2 Exploded View 1 M450 external power supply.....E-2
Figure E-3 Exploded View 2 M450 external power supply.....E-3
Figure E-4 Packaging Material M450 external power supply.....E-4
Figure E-5 Front/Rear enclosure views, 450 internal supply.....E-6
Figure E-6 Exploded View 1 M450 internal power supply.....E-7
Figure E-7 Exploded View 2 M450 internal power supply.....E-8
Figure E-8 Packaging Material M450 internal power supply.....E-9
Figure E-9 Front/Side enclosure views 450 panel mount int sup..E-11
Figure E-10 Mechanical/Electrical Interconnect Views M450.....E-12
Figure E-11 Front/Side Views M450 panel mount internal supply...E-14
Figure E-12 Mechanical/Electrical Interconnect Panel Mount.....E-15
Figure E-13 Front/Rear enclosure views of 455 internal supply...E-17
Figure E-14 Exploded View 1 M455 internal supply.....E-18
Figure E-15 Exploded View 2 M455 internal supply.....E-19
Figure E-16 Packaging Material M455 internal supply.....E-20
Figure F-1 Model 450 Main Board (PC777C).....F-1
Figure F-2 Model 450 Main Board (PC792B).....F-5
Figure F-3 Model 450 Main Board (PC800B).....F-9
Figure F-4 Model 455 Main Board (PC834).....F-15
