

Equipment Return Information

Standard Catalog Equipment:

At Rice Lake Weighing Systems, we want you to be completely satisfied with any product purchased from us. If it does not work, or is not right, return it for full credit or replacement within 30 days of shipment.

We may, at our option, assess a restocking charge if the equipment was:

1. Not correctly specified for the application intended, and/or
2. Damaged beyond reasonable recovery.

The restocking charge is directly proportional to the amount of time and material expense required by us to return the item to resalable condition. If an item was held or in use in excess of 30 days, a restocking charge, not to exceed 10%, will be assessed.

Special Order, Modified, Non-Catalog, Unusual or Non-Stock Items:

We will repair or replace, at our option, equipment which is defective by nature of poor quality materials or substandard workmanship, within the specified warranty period. No returns will be accepted for any special order equipment, or for equipment physically modified or altered in the field.

Return Procedure:

When returning equipment for repairs or warranty reimbursement, these simple steps will help expedite your request:

1. Call (715) 234-9171, extension 348, and ask for a return coordinator. You will then be issued a return authorization number.
2. When preparing equipment for return shipment, complete a Return Authorization (RA) form and provide a description of the problem you are experiencing. Be sure to include the Return Authorization number we provided and enclose the form with the shipment. For additional forms, ask the return coordinator to send you a supply.
3. Please write the Return Authorization number on the outside of the package to help us speed your package through our receiving process.
