LABELMATE

*New!*

CAT-16 Heavy-duty WIDE-WEB LABEL REWINDER / UNWINDER

with "Tilt-and-Load" Feature

The LABELMATE Model CAT-16 Heavy-Duty Label Rewinder brings LABELMATE's CAT (Constant Adjustable Torque[tm]) technology to a new wide-web Label Rewinder / Unwinder. The CAT-16 can be used as a Rewinder directly "in-line" at the output of a printer for web widths up to 16 inches (406+ mm). The CAT-16, when used as an Unwinder together with the LABELMATE S-500 (16-inch wide Label Slitter / Rewinder), forms a complete "off-line" wide-web label slitting and rewinding station. You get easy set-in-place installation with this industrial-quality product constructed from heavy-gauge steel. Provision to bolt the CAT-16 to the tabletop if desired is included.

Put the LABELMATE CAT-16 Heavy-Duty Wide Web Label Rewinder to work for you, today!

The CAT-16 Label Rewinder / Unwinder shown loaded with wide roll of labels.

SPECIFICATIONS

Rewind Core Size: Accepts standard 3-inch rewind cores.
Speed: Same as printer in in-line use. Automatically tracks printer speed up to 30-ips (inches per second).
Torque Control: LABELMATE's renowned Constant Adjustable Torque[tm] control system allows precise adjustment of rewind torque.
Auto-Stop: Allows external control of the CAT-16 from a printer or the S-500 Label Slitter/Rewinder or other device. Requires SPST contact opening. Use optional-not required for operation.
**Width:** Handles label webs up to 16-inches (406+ mm) wide.
Roll Weight: Maximum 33-lbs. (15Kg).
Roll Diameter: Rolls up to 10-inches in diameter with roll weight not to exceed 33-lbs. (15Kg).
Power Supply: 100-240vac 50-60Hz 1.2A max.
UL / CSA / TÜV / CE listed.
Maintenance: No maintenance is required.
Warranty: 3-year Parts and Labor Limited Warranty. (One- (1) year Warranty on included power supply module.)
