Scales & Systems

Number: MTFW-12-99

Date: 9-1-99

Model: 317

Subject: Door Latch

A design change has been made to the 317 door latch. The design was changed to improve appearance and ease assembly. The new latches are not designed to be retrofit in to existing machines. The old parts will continue to be available for existing units. Reference the drawing and parts list below for service parts on the new latch assemblies.

Item	Part Number	Description
1	83028600A	Bearing Label Stop
2	83021200A	Door Latch
3	83026400A	Door
