

## ADI310 LED Scoreboard Is Now Available to Order

We are pleased to announce the introduction of the ADI310 as our new scoreboard offering. With the continued feedback from our sales force for a unit that is easier to read at long distances, METTLER TOLEDO is now providing you a product that not only has higher visibility, but does so at a lower cost than the 8618. The following sales tools are now available on the My-MT Connection website ([www.my-mtconnection.com](http://www.my-mtconnection.com)). Visit the site to see more information on this outstanding new product! Included in the material is:

- Data Brief
- Price Page
- Manual

Key benefits that you need to know about the ADI310 include:

- Increased Visibility with Bright LED Display
- Dual Intensity Setting
- Multi-Drop Capability
- Field Repairable
- No External Remote Controls Needed
- Lower Cost!

We have also provided the following tables so that you can compare the new scoreboard with the technical specifications and features of the 86180003.

SPECIFICATIONS		
ADI310		86180003
7-3/8" (188mm)	<b>HEIGHT</b>	6.7" (169mm)
30" (762mm)	<b>WIDTH</b>	21.3" (540mm)

x	<b>LED DISPLAY</b>	
x	<b>SELECTABLE DIGIT BRIGHTNESS</b>	
\$1,445	<b>LIST PRICE</b>	\$1,695

With the comparable options and the significantly lower price of the new scoreboard, the 8618 will no longer be available as of December 2004. All orders requesting the 8618 will be changed to the ADI310. Should a problem arise with this substitution, please contact us for assistance. Don't forget to visit the My-MT Connection website now ([www.my-mtconnection.com](http://www.my-mtconnection.com)) to see all of the material listed above and more.

Good selling!
