

Commercial Duty — Shipping Dock Scale

The METTLER TOLEDO VLX floor scale is fully electronic, portable, and has a low profile...making it ideal for freight consolidators, forwarders, small processing plants, resellers, shipping and receiving departments, and start-up businesses. It's low profile design minimizes operator effort when loading the scale platform. Installation is easy...no service is required when you choose the pre-calibrated option. Units are completely self-contained. The VLX floor scale can interface with all METTLER TOLEDO analog instruments and accessories.
